

AUDIT COMMITTEE CHARTER

Approved by the Board of Directors October 29, 2024

A. Purpose

The purpose of the Audit Committee (the “Committee”) of the Board of Directors (the “Board”) of Papa John’s International, Inc. (the “Company”) shall be to represent and assist the Board in fulfilling its oversight responsibilities for the accounting, financial reporting and internal control functions of the Company and its subsidiaries, including:

- the Company’s accounting and financial reporting processes;
- the independent auditors’ qualifications, independence and performance, including the audit of the Company’s financial statements;
- the Company’s internal audit function;
- the Company’s internal control over financial reporting and disclosure controls and procedures; and
- the Company’s compliance with legal and regulatory requirements, including, without limitation, those that impact financial reporting.

The Committee’s role is one of oversight. Company management is responsible for the preparation of the Company’s financial statements, for maintaining appropriate systems for accounting and internal controls, and for monitoring compliance with the Company’s policies and rules regarding business conduct. The Company’s independent auditors are responsible for planning and conducting proper audits and reviews of the Company’s financial statements. It is the joint responsibility of Company management and the independent auditors to ensure that the Company’s financial statements comply with generally accepted accounting principles.

B. Membership and Qualifications

1. The Committee shall consist of three (3) or more directors, one of whom shall be designated by the Board as Chair of the Committee. Committee members will be appointed and removed by the Board in its discretion.

2. Each member of the Committee shall be “independent,” as determined by the Board, under the independence requirements of The Nasdaq Stock Market and Securities and Exchange Commission (“SEC”) Rule 10A-3 under Securities and Exchange Act of 1934, as amended, applicable to directors and audit committee members.

3. Each member of the Committee shall, in the judgment of the Board, be financially literate and have the ability to read and understand the Company’s financial statements.

4. Each member of the Committee must not have participated in the preparation of the financial statements of the Company or any of its current subsidiaries during the past three years.

5. No member of the Committee may serve on the audit committees, or committees or bodies performing similar functions, of more than three public companies (including this

Committee) at the same time, unless the Board has determined that such service would not impair the ability of the member to effectively serve on the Committee. Service on the audit committees of subsidiary companies, non-profit organizations and non-public for-profit organizations is not included in this calculation. Moreover, if a director sits on several mutual fund audit committees within the same fund family, it will count as one audit committee for purposes of this calculation.

6. At least one (1) member of the Committee must in the judgment of the Board (a) be an “audit committee financial expert” in accordance with SEC rules and (b) otherwise meet the financial sophistication standard established by the requirements of The Nasdaq Stock Market.

C. Authority and Responsibilities

1. **Meetings.** The Committee shall meet at least quarterly and more often as may be deemed necessary or appropriate in its judgment. The Committee may meet in person or by telephone or video conference call or by other similar modes of communications, and may act by unanimous written consent. The Committee shall recommend the independent auditors to the Company’s stockholders annually for ratification. The Committee shall pre-approve all audit services (including audit engagement fees and terms) and shall pre-approve all permissible non-audit services provided to the Company by the independent auditors. The Committee may delegate to the Committee Chair the authority to pre-approve permissible audit services (including fees and terms) to be performed by the independent auditors, or may establish pre-approval policies and procedures for this purpose. The Committee shall be informed of any approvals granted pursuant to such delegated authority or pre-approval policies and procedures at its next meeting following such approval. At least annually the Committee shall obtain and review a report regarding (a) the independent auditors’ internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm, and (c) any steps taken to deal with any such issues.

4. **Auditors’ independence.** The Committee shall oversee the independence of the auditors and shall consider, at least annually, the independence of the auditors. The Committee shall discuss with the independent auditors their independence from management and the Company and the matters included in the independent auditors’ written disclosures required by applicable requirements of the Public Company Accounting Oversight Board (“PCAOB”) regarding the independent auditors’ communications with the Committee concerning

The Committee shall review with management and the independent auditors any significant changes in the selection or application of accounting principles.

7. **Plans and results of audits.** The Committee shall discuss with the independent auditors the overall scope, resources and plans for their audits. The Committee shall meet with the independent auditors and management to discuss the results of the auditors' examinations, any critical audit matters, any audit problems, including any restrictions on the scope of work or access to requested information, any disagreements with management, any significant issues discussed with the independent auditors' national office, and management's response.

8. **Legal and regulatory matters.** The Committee shall review any legal and regulatory matters that may have a material impact on the Company's financial statements, related Company compliance policies and programs and reports received from regulators.

13. **Review of periodic financial statements, earnings releases and management's disclosures and certifications.** The Committee shall review with management and the independent auditors the Company's annual and interim financial statements, including the disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations," and other documents containing such statements, each prior to filing with the Securities and Exchange Commission or public distribution and shall recommend to the Board whether the annual financial statements should be included in the Annual Report on Form 10-K. In connection with each periodic report, the Committee shall review management's disclosures and certifications required under the Sarbanes-Oxley Act. The Committee also shall discuss with management and the independent auditors the Company's earnings press releases prior to each release, including the content, presentation of information and the use of any non-GAAP financial information.
