Papa John's Adopts Limited Duration Stockholder Rights Plan

Jul 22, 2018

LOUISVILLE, Ky.--(BUSINESS WIRE)--Jul. 22, 2018-- Papa John's International, Inc. (NASDAQ: PZZA) today announced that its Board of Directors has approved the adoption of a limited duration stockholder rights plan (the “Rights Plan”) and declared a dividend distribution of one right (“Right”) for each outstanding share of common stock. The record date for such dividend distribution is August 2, 2018. The Rights Plan expires, without any further action being required to be taken by Papa John’s Board of Directors, on July 22, 2019.

The adoption of the Rights Plan is intended to enable all Papa John’s stockholders to realize the full potential value of their investment in the company and to protect the interests of the company and its stockholders by reducing the likelihood that any person or group gains control of Papa John’s through open market accumulation or other tactics without paying an appropriate control premium. In addition, the Rights Plan provides the Board of Directors with time to make informed decisions that are in the best long-term interests of Papa John’s and its stockholders and does not deter the Papa John’s Board of Directors from considering any offer that is fair and otherwise in the best interest of Papa John’s stockholders.

The Rights Plan is similar to other plans adopted by publicly-traded companies. Under the Rights Plan, the rights generally would become exercisable only if a person or group (including a group of persons who are acting in concert with each other) acquires beneficial ownership of 15% or more of Papa John’s common stock in a transaction not approved by the Papa John’s Board of Directors. In that situation, each holder of a right (other than the acquiring person or group, whose rights will become void and will not be exercisable) will have the right to purchase, upon payment of the exercise price and in accordance with the terms of the Rights Plan, a number of shares of Papa John’s common stock having a market value of twice such price. In addition, if Papa John’s is acquired in a merger or other business combination after an acquiring person acquires 15% or more of Papa John’s common stock, each holder of the right would thereafter have the right to purchase, upon payment of the exercise price and in accordance with the terms of the Rights Plan, a number of shares of common stock of the acquiring person having a market value of twice such price. The acquiring person or group would not be entitled to exercise these Rights. John H. Schnatter and his affiliates and associates who currently beneficially own shares of common stock in excess of 30% have been grandfathered under the Rights Plan but will become an acquiring person upon their acquisition of 31% or more of our outstanding shares of common stock, subject to certain exceptions as described in the Rights Plan. In the Rights Plan, the definition of “beneficial ownership” includes derivative securities.

Further details of the Rights Plan will be contained in a Current Report on Form 8-K that Papa John’s will be filing with the Securities and Exchange Commission (SEC). These filings will be available on the SEC’s web site at www.sec.gov. Copies are also available at no charge at the Investor Relations section of Papa John’s corporate website at www.papajohns.com.
