"With our Jalapeño Popper Rolls, we are delivering our unique take on one of America's classic appetizers," said Paul Fabre, SVP, Product Innovation. "Our guests can add this new tasty side to bring a little spice to pizza night!"

The Papa John's version of the classic side is baked to a crispy golden brown rather than fried, which highlights the quality and freshness of the dough. Jalapeño Popper Rolls are a great add-on side or a completely satisfying snack.

The launch of the delicious new side follows Papa John's recent menu addition of Papadias, a toasty, hearty, Italian-style flatbread sandwich. Both new products are made from Papa John's fresh, never-frozen, six-ingredient original dough. The company continues to find new and innovative ways to use their high-quality dough in unique flavor offerings.

Order the new Jalapeño Popper Rolls today by phone, PapaJohns.com, the Papa John's app, Facebook, Apple TV or by asking Alexa. For more information regarding Jalapeño Popper Rolls or any of the items available on the Papa John's menu, please visit PapaJohns.com.
