The Reporting Persons purchased the securities of the Issuer based on the Reporting Persons' belief that such securities, when purchased, were undervalued and represented an attractive investment opportunity. Depending upon overall market conditions, other investment opportunities available to the Reporting Persons, and the availability of securities of the Issuer at prices that would make the purchase or sale of such securities desirable, the Reporting Persons may endeavor to increase or decrease their position in the Issuer through, among other things, the purchase or sale of securities of the Issuer on the open market or in private transactions or otherwise, on such terms and at such times as the Reporting Persons may deem advisable.

The Reporting Persons believe the current market price does not reflect the Issuer's intrinsic value. Based on preliminary interactions with the Issuer's Special Committee, the Reporting Persons are encouraged by the actions taken by the Issuer's Special Committee to begin to move the Company past recent controversies to meaningfully improve shareholder value. The Reporting Persons also believe multiple potential paths to significantly higher valuations exist for the issuer through strategic partnerships or improving operations as a stand-alone company. The Reporting Persons believe that meaningfully higher earnings power than the company has demonstrated historically is attainable through a combination of cost efficiencies and refranchising of company owned operations.

No Reporting Person has any present plan or proposal which would relate to or result in any of the matters set forth in subparagraphs (a) - (j) of Item 4 of Schedule 13D except as set forth herein or such as would occur upon or in connection with completion of, or following, any of the actions discussed herein. The Reporting Persons intend to review their investment in the Issuer on a continuing basis. Depending on various factors including, without limitation, the Issuer's financial position and investment strategy, the price levels of the securities of the Issuer, conditions in the securities markets and general economic and industry conditions, the Reporting Persons may in the future take such actions with respect to their investment in the Issuer as they deem appropriate including, without limitation, engaging in communications with management, the Board and their advisors, engaging in discussions with shareholders of the Issuer and others about the Issuer and the Reporting Persons' investment, making proposals to the Issuer concerning changes to the capitalization, the ownership structure, the structure, composition and skill sets of the Board and senior management or the operations of the Issuer, purchasing additional securities of the Issuer, selling some or all of such securities, entering into financial instruments or other agreements that increase or decrease the Reporting Persons' economic or beneficial exposure with respect to their investment in the Issuer, engaging in short selling of or any hedging or similar transaction with respect to the securities of the Issuer, including swaps and other derivative instruments, or changing their intention with respect to any and all matters referred to in Item 4.
